

# COVID-19 TESTING

COVID TESTS AVAILABLE IN THE COMFORT OF YOUR  
OWN CONDO WE BRING THE DOCTOR TO YOU

We are happy to announce that our company Marina Sol Premier Properties will make it easy for everyone coming with you to Cabo to be able to receive the mandatory COVID-19 tests that are now required for everyone over 2 years old flying into Canada or USA.

We will have an English-speaking Doctor come direct to the privacy of your Residence and give everyone in your group the tests done with a nasal swab. Our Doctor is certified to administer both the Antigen and PCR tests approved by the CDC.

The cost is very reasonable at **\$75 US** per Antigen test and you get the results back in **24 hours** or less.

For our Canadian travelers the PCR nasal swab tests for COVID-19 that are required for entry to Canada are **\$180 US** each and you get the results back in **48 hours** or less.

We will help you schedule your tests within 72 hours before your flight departs. As soon as our office receives your test results, our administrator Julie at Marina Sol Premier Properties will email you an electronic medical certificate from our Doctor with your necessary documentation. She will also print out hard copies of the test results and give those to you and your group so you will be all set when you check in for your departure flight home. ✈

These tests must be paid for in advance of the testing and can be paid in cash only in either US dollars or in pesos at the exchange rate of the day. To arrange a time for our Doctor to come to your condo and administer the tests contact Julie at Marina Sol Premier Properties:
